PADEL CUP**

We are excited to present the new format for the **FIP EURO PADEL CUP**. This proposal is the result of careful consideration and aims to address key goals for FIP.

**Maximize participation:**

We want to include as many National Teams as possible.

**Efficient logistics:**

The new event format will enable the Teams to organize a maximum of 2 trips.

**Accessibility:**

More accessible conditions for countries willing to host the event.

**Competitive balance:**

The structure shall reward players' skills and ensure fair competition.

**Opportunities for all:**

Every participating Team shall have a realistic chance to qualify.

**+40** *PARTICIPATING  
EUROPEAN  
NATIONAL TEAMS*

# A NEW FORMULA

To achieve these objectives, competitions are divided into 3 parts:

**Phase 1:** 24 European Teams. This is the qualifying phase open to all National Teams not participating in the Phase 2 and Final 8. Teams will be grouped based on the number of entries, and the format will be designed to ensure equal, fair and exciting competition.

**Phase 2:** This stage will include the 12 Teams ranked 5th to 16th plus 4 Teams from Phase 1. They will be divided into 4 groups of 4, with the best Team from each group advancing to FINAL 8.

**FINAL 8:** This is the top-tier competition, featuring the 4 highest-ranked teams with direct qualification, plus 4 teams advancing from Phase 2.
